He may not be old enough to read them or even listen to me read them to him, but he loves looking at the pictures. Being a Snoopy and Peanuts fan, I immediately fell in love with this "Do Your Happy Dance" book. The pictures are great (my son enjoys looking at them) and the messages in them are very inspiring and heartfelt, reminding the reader that they are special and that they should never give up on trying or on pursuing their dreams or goals. It honestly reminded me of a fun Peanuts themed high school graduation speech! I love it. So if you are looking for some books for your young child and he/she (or even you) are a Peanuts fan, then this is a book you will definitely enjoy! I highly recommend it. 0 of 0 people found the following review helpful. Impressive message By Bohn/Brown The message to this book really impressed me. The reading to it can be a bit long for my just turned 2 year old, but the lessons within are valuable and we will definitely work our way up to its length. For those who may be seasoned peanuts fans, it's cute to see how well the lessons line up with some of our favorite characters, making it a very enjoyable read for the adults as well. 2 of 2 people found the following review helpful.
